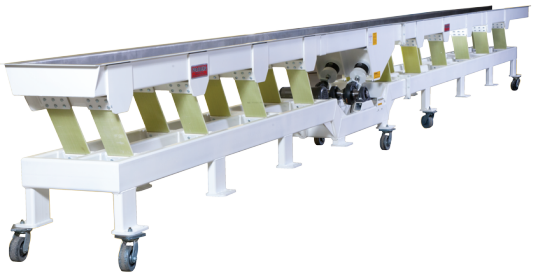
NATURAL FREQUENCY CONVEYOR



About This Product

Forsberg's Natural Frequency Conveyors feature a transient oscillating suspension design coupled with an exciter drive which allows maximum efficiency and durability. This produces a motion that moves material gently without hindrance or repression, keeping abrasion or breakage to a minimum. Forsberg's conveyors are manufactured out of carbon steel or stainless steel for your specific need and application.

Conveying accessories available:

- Screening
- Custom Discharge Spouts
- Full Pan Covers
- Air Exhaust Ports
- Product Dividers
- DeWatering
- Cooling with Air Inlet and Exhaust Ports

Applications:

- Peanuts - in shell, out of shell
- Almonds
- Crumbled Glass
- Shredded Copper wire
- Flakes
- Plastic
- Seeds
- Rice
- Wood chips
- Compost
- Crumb rubber
